

CASH SPECIAL HL .25

PENETRATING CAPTIVE HEAVY DUTY LONG BOLT STUNNER

Ergonomic pistol shape design, trigger operated stunner suitable for use on all animals. 'Rolling Block' firing mechanism provides effective safety.

ACHIEVE SAFE AND RELIABLE OPERATION

The CASH Special .25" HL is a heavy duty tool which features a long bolt measuring 206.5mm, 25.5mm longer than the bolt used in the standard CASH Special. The additional length and weight of the bolt enables a deeper stun, with the highest energy of any CASH Special tool when used with the 3.5 grain orange cartridge.

UltraSource's Accles & Shelvoke CASH Special stunning tool uses cartridges to fire a penetrating captive bolt, rendering the animal insensitive to pain prior to the slaughtering process. Choosing the right tool is essential, with an effective stun leading to improved meat quality, ease of handling, reduced stress on the animal and compliance with animal welfare regulations.

The CASH Special was launched in 1981, following a long line of pistol shaped tools. It has an ergonomic and easy to use design, with the pistol grip and trigger operated firing mechanism maximising comfort. Two positive actions are required to cock the tool to increase safety, and automatic bolt return increases speed of operation.

STANDARD FEATURES:

- » Available in .22" and .25" calibers
- » Proven ergonomic design
- » Automatic bolt return
- » Fast loading action
- » Robust construction
- » Can be used with a wide range of cartridges for different animal sizes
- » Reliable performance
- » CE compliant to Machinery Directive 2006/42/EC, CIP approved cartridges and ISO 9001 quality standard
- » Low maintenance costs
- » Supplied with cleaning tools and maintenance
