

EZ REEL DOLLY™

FILM AND PAPER ROLL DOLLY

The EZ Reel Dolly is a convenient and hygienic storage resource for film and paper reels, and a cleaner alternative to the rolls being stored on the floor or pallets.

HIGHLY MANEUVERABLE

Brakes and swivel castors provide full maneuverability in tight spaces. When the brakes are applied the dolly can be used as a storage facility until such time that the reels are required.

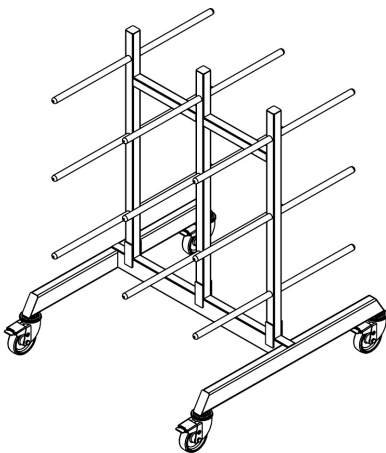

HYGIENIC & HEAVY DUTY

The EZ Reel Dolly is manufactured from 304 Stainless Steel. The dolly was designed with strength and hygiene in mind with sturdy reel spindles and easy wipe down surfaces..

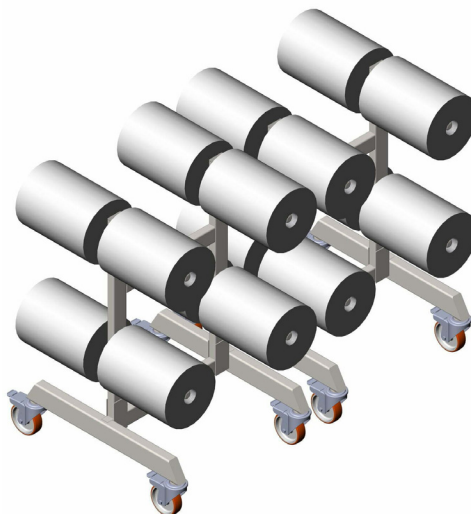

CUSTOMIZABLE

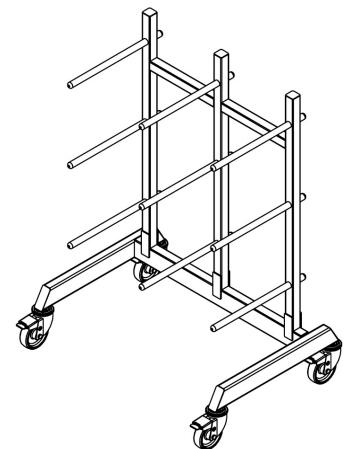

The dolly can be made to order to suit most reel diameters, widths, and weights. Single and double sided designs are available.
