Espera® ES 5900 Series

AUTOMATIC WEIGH PRICE LABELING

Semi-Automatic Weigh Price Labeling

The compact solution in automatic industrial weigh price labeling. This semi-automatic system requires small floor space. It is available as a standalone solution for manual product feed or can be integrated into existing production lines via automatic product feed. The 5900 supports up to 65 packages per minute.

Features:

» Compact and space saving design

» Hygienic stainless steel design

» No external compressed air required

» Fast change of label rolls

» Fast, toolless replacement of thermal print heads

» Integrated checkweigher mode

» Full network integration possible

» Grooved conveyor belt to run rounded products

» Can be integrated with a Ravenwood Nobac 500 for full-wrap labeling

» Automatic package height compensation

» Available with up to 2 print/labeling heads from the top and up to 1 print/labeling head from the bottom

» Sharp 300 dpi print quality

» High resolution 15" color touchscreen

» Free online remote service
