

SKINNING CRADLE

DESCRIPTION

Our portable skinning cradle is designed for legging and siding beef or for skinning hogs and is ideal for general utility use in small and medium-sized plants. It assures clean hides, free of blood while keeping the carcass off the floor. After setting cradle to desired width for beef slaughter, the skinner drops the beef on its back into the cradle.

PRODUCT FEATURES

- + Constructed of 1 1/2" diameter steel tubing with cross-members of 3/8" x 2 1/2" milled steel bars
- + Galvanized finish
- + 12" cradle legs minimize bending and stooping while skinner performs work
