# UltraSource Aftermarket Rollstock Parts

UltraSource can provide parts for virtually any manufacturer's Rollstock Packaging Machine that meet or exceed OEM performance standards. We can provide you with sealing gaskets, heating calrods, sealing bladders, blades and more. We can also refurbish and recoat your seal bars to improve their performance and life. All of this can be done at substantial savings compared to original equipment manufacturers' offerings.

*Call 800-404-1955, ext 2026 today to learn how you can save with UltraSource Aftermarket Rollstock Parts including:*

- » SEALING GASKETS
- » SEAL BAR REPAIR AND REFINISH
- » CALROD HEATERS
- » FILM GRIPPER TRANSPORT CHAINS
- » SEALING BLADDERS
- » EXCELLENT SERVICE AND EXPERTISE
- » BLADES

## CALROD HEATERS, SEALING BLADDERS, AND BLADES

UltraSource can provide calrod heaters, sealing bladders and blades that meet your specific requirements. Gain savings and security by using UltraSource for these parts. Our specialists will work with you to ensure you have the parts needed to maintain peak performance and avoid unnecessary downtime.

## SEAL BAR REPAIR

***Maintain peak performance of your rollstock packaging machine with well maintained parts and extend the life of your investment.***

UltraSource provides full repairing and refinishing services for your rollstock seal bars that can help you save money and boost productivity. To revitalize your seal bars our experts will:

- » Bead blast and remove all old coatings from the plate
- » Weld and repair all surface blemishes, cracks and gouges
- » Coat the seal bar with a new layer of high quality Teflon®
- » Add new heaters and thermocouples, if required

The process will be completed under our exacting standards and quality control and with the finest quality parts.

## SEALING GASKETS

***...meticulously crafted from the finest materials to OEM or better specifications.***

UltraSource will work with you to create rollstock packaging machine sealing gaskets that perform as well or better than OEM gaskets at less cost. We also manufacture a wide variety of silicone gaskets for other packaging applications. The molds and gaskets we create for you are meticulously crafted from the finest materials and your satisfaction is guaranteed. If you are not completely satisfied, you can simply return the gaskets for a full refund of the product and original shipping charges.
